5. eTranscript System and Missing Diploma Issue Dates [Attachment]

As of Monday, July 7 e-transcript services have been turned back on. There are a number of final transcript requests that were pushed to a backlog before PowerSchool shutdown on June 27 because the student’s DIPLOMA ISSUE DATE was blank. Over the next few days the e-transcript system will be processing this backlog, and in order for these requests to complete successfully, the student’s
DIPLOMA ISSUE DATE must be posted in PowerSchool. If it is not posted before these final requests process, the transcript request will fail and notify the student by email.

Below you will find a list of districts missing the Diploma Issue Date. If your LEA is listed below, please make this a priority and enter the missing dates. For assistance in locating graduated students with missing Diploma Issue Dates, please see the attachment.
