**Issue:**
On the New Course screen the field called "Select A State Course Code Here" is missing. This was not fixed by the 2/13/15 updates. The field is used to select the course code from the list of possible codes when a new course is being created. This is causing issues for users who need to select a specific course code for their new course. We are working on this issue and hope to have a fix by the next update.

**Summary:**
New District added:
- Salem
- Union
- Commonwealth
- Salem

**Resolution:**
- Added Edit Incidents.
- Added Edit Incidents.
- Added Edit Incidents.
- Added Edit Incidents.

**Update:**
- This issue was fixed in the 3/14/2015 update. Users are now able to select a new course code from the list of possible codes when creating a new course.
