# Making Canvas Work For Your District

Sabrina Jenkins

Session Room | Session Time

# Introduction

Hello everyone! My name is Sabrina Jenkins and I have been an educator for over 16 years. At current, this is my fourth year as a Coordinator - Technology Integration with Guilford County Schools. In addition, I have been our district's Canvas administrator for the past two years. I enjoy using Canvas as well as providing training, support, and collaborating with administrators and teachers on how to integrate the learning management system into their curriculum.

# Overview of Session

As a result of this session, the participants will:

- Learn some best practices as it relates to implementing Canvas into a school district
- Learn about lessons that our school district learned from our implementation process

# Canvas Course – Making Canvas Work For Your School District
